

SNOWTUBING BASIC GUIDELINE

How to do it?

- purchase the appropriate tickets (we don't accept standard ski-passes and VIP-cards);
- pass the turnstile gate;
- get your tube;
- take a lift up the slope;
- start sledding at operator's signal;
- don't take off the tube until it stops completely;
- do not brake with your feet;
- at finishing gate, quickly leave the slope;

What is prohibited?

- more than one person per tube;
- connecting tubes together;
- sledding in a state of alcohol or drug intoxication;
- releasing hands mid-course;
- sledding in a standing position;
- braking with feet;
- wandering the slope by foot;
- taking photos at the finishing gate;
- taking tubes out of the territory of the slope;
- using tubes for other purposes;
- taking pets to the slope;
- smoking, littering.

Children aged 3-5 are allowed only if accompanied by adults! Parents are responsible for their children's safety and behavior!

Dear friends, before you purchase your tickets, we kindly ask that you consider if the weather conditions are suitable for you, as well as queue size at turnstiles and at the top station of the course! TC "Bukovel" administration is not responsible for your decision when buying a snowtubing ticket!
